The Thailand Board of Investment invites you to attend a complimentary executive breakfast

Thailand's Advantage

Wednesday, November 10th, 2010

8:00 am - 10:00 am

Location: Downtown San Jose

To register for this free seminar please contact us at **703-770-8066** or via email at rquintner@odellsimms.com.

The Thailand Board of Investment (BOI) is hosting an executive breakfast seminar. New and progressive investment policies, incentives and business services have enabled Thailand to become one of the fastest growing nations for attracting foreign investment. Thailand has sustained strong trade and investment practices which have been key to assisting companies looking for expansion opportunities in Asia.

Join us to learn more about Thailand's launch of major incentives programs to give US investors a competitive edge to compete in this challenging economic condition. Companies such as Dow Chemical, Honeywell, Western Digital, Hitachi Global, Oracle, Jelly Belly, and Dole are currently taking advantage of the many benefits of locating in Thailand. Key factors for inward investment include:

- Major Center of global investment and the HUB of ASEAN
- Major Capital Projects tied to infrastructure and telecommunications
- Range of tax and non - tax incentives as well as government assistance
- Highly educated and available labor across a range of sectors

This event will provide a concise briefing on the investment outlook for 2011 and offer suggestions on how to establish and build business relationships with Thailand's manufacturers and suppliers.

Registration is free and available by contacting Rachel Quintner at rquintner@odellsimms.com or via phone at (703) 770-8066. Please feel free to share this invitation with your colleagues and business associates.
