

California Industry Cluster Tours

The [Monterey Bay International Trade Association \(MBITA\)](#) invites you to participate in the **Industry Cluster Tour (ICT)** service for business executives, researchers and student groups from around the world to experience first-hand the dynamic industry clusters and unique business and research culture of California.

The MBITA global network of private business, public sector partnerships, investors and trade promotion service associations supports MBITA to arrange and facilitate one-on-one and group meetings, presentations, public business events and industry cluster tours representing the following industry sectors in four distinct California regions:

Northern California – Computers, electronic products, IT, machinery, bio-technology, green technology, tourism and logistics and State Government.

Central California – Agriculture products & food manufacturing, Agro-technology, marine biology, machinery and shipping logistics.

Greater Los Angeles – Computers, electronic products, machinery, transportation equipment, chemicals, tourism, motions picture/television production, green technology, textiles and apparel.

San Diego and Mexican Border - IT, biotechnology, green technology, Mexican border trade, aerospace and tourism.

Contact the MBITA office to arrange a customized tour for education or business designed to your specific needs and objectives.
